Hillsboro, OR 97124

Licensed · OR & WA

EST. 2019

HQ Hillsboro, OR

LICENSED Oregon & Washington

MARKETS Commercial · Industrial · Telecom

ELECTRICAL

- Commercial & industrial installations
- Design / build electrical systems
- High-voltage service entrance — 480V/3
- Power distribution & panelboards
- Motor control centers (MCC) & VFDs
- Service upgrades & panel replacement
- EV charging infrastructure (L2 & DCFC)
- Lighting systems & automated controls
- Tenant improvements (TI)
- Switchgear installation & maintenance
- Emergency & standby power systems
- Generator connections & transfer switches
- Conduit — rigid, EMT, PVC
- Grounding & bonding systems
- Active facility & live-panel coordination
- Semiconductor & cleanroom environments
- Confidential scope / NDA-capable

DATA CENTER & LOW VOLTAGE

- Data center power & infrastructure
- Critical power systems
- PDU installation & cabling
- Cable management & J-hooks
- Structured cabling — Cat5e / Cat6 / Cat6A
- Fiber optic — SM & MM, splicing
- Patch panel & termination work
- Server room build-outs
- In-rack power distribution
- Hot aisle / cold aisle containment

WIRELESS DIVISION

- Tower climbing & structural work
- Antenna swaps & sector upgrades
- DAS & 5G infrastructure
- In-building wireless (IBW)
- Small cell deployment
- BTS & RRH installations
- All-carrier — AT&T, T-Mobile, Verizon
- Generator replacement programs

PROJECT EXPERIENCE

Semiconductor / Advanced Mfg.

Power distribution, design/build, MCC, live-facility coordination, NDA scope

Data Center & Server Rooms

Structured cabling, fiber, PDU, critical power, hot/cold aisle containment

Commercial Office & Mixed-Use

Design/build, tenant improvements, lighting, EV charging, panel upgrades

Warehouse & Distribution

High-bay lighting, power distribution, EV fleet charging, service upgrades

Healthcare & Life Sciences

Critical power, clean environments, schedule-sensitive coordination

Multi-Tenant Commercial

PM programs, service agreements, common area electrical

Wireless / Telecom Infrastructure

Tower climbing, sector upgrades, DAS, 5G IBW, all-carrier coordination

LICENSES & INSURANCE

Table with 2 columns: License/Insurance type and Status. Includes Oregon CCB License (Active), Washington L&I License (Active), General Liability (COI on request), Workers Compensation (Active - all employees), Bonded (Yes), OSHA 10/30 (Field supervision), Tower Climb Certified (Wireless division), Non-Union (OR & WA).
